Customer/Installer must always refer to Vehicle Owners Manual and follow vehicle weight limits and load capacities.

Level* represent the approximate amount of weight distribution given the crossbars and mounting configuration. Levels are supplied for illustrative purposes only and are examples of how various equipment can be used in conjunction with Exposed Racks. Actual results may vary.

Gear Guide shows how EXR click-in accessories and other mfg. accessories will fit into the crossbar packages. Retail gear, products, sports equipment, and other items are constantly changing and innovating; this guide DOES NOT GUARANTEE fitment of any individual item or combination of items. **Customer/Installer must always refer to Vehicle Owners Manual and follow vehicle weight limits and load capacities.**

GEAR GUIDE - Information below

Crossbars come in various sizes and have different hole patterns. Depending on the size and hole pattern of the bars in the package, installer can use a variety of different click-in accessories. Exposed Racks can be used in many different configurations to help you carry a variety of equipment. We can't list every possibility but we have provided some examples of common gear and equipment for your consideration in your purchase of our products. Weekender Packages (2 xbars) are great for single activity options, such as storage bins, or kayaks (SUPs). Camper Packages (3 xbars) offer additional weight distribution and additional areas to mount / configure items. These often work well for camping, Roof Top Tents, Tent + Awning, and changing in and out activities. The Camper Packages are the most popular items sold. Overlander Packages (4 xBars) are available on select vehicles only and offer even more weight distribution, albeit the most value added to the consumer is the extra real estate to mount more items. These work well for overlanding adventures such as mounting tent, plus gear, plus storage bins, plus unstuck tracks, etc.

DEFINITIONS	
SOLD	Heavy Duty Electropated and Powdercoated BLACK Steel Tubing (No Square holes for Click-In Accessories). Contains threaded holes for Weight Dist. Feet and accepts most other mfg. accessories
M/F BLACK	Heavy Duty Electropated and Powdercoated BLACK Steel Tubing (WITH Square holes for Click-In Accessories). Contains threaded holes for Weight Dist. Feet and accepts EXR and other mfg. accessories

2+	The "+" in the quantity crossbars field indicates the number of crossbars PLUS weight distribution feet. e.g. 2+, 3+, 4+, 5+

*SMS makes no representation or warranty as to the amount of weight that can be safely loaded onto the Exposed Racks for use with your vehicle. The weight and location of the Exposed Racks and any items or material placed upon them may affect your vehicle's safety, handling, stability and performance and may create an increase risk of accident or rollover. The use of Exposed Racks may adversely impact the performance characteristics of your vehicle. Consumers are solely and completely responsible for evaluating their vehicle to ensure that the vehicle, and each part of that vehicle, is appropriate for use of the Exposed Racks and for any gear, item and/or load that you may wish to use in conjunction with the Exposed Racks. Before installing the Exposed Racks and placing any item or load upon them, check and confirm your vehicle's factory recommendations and specifications. The load you are carrying and plus the weight of the rack must not exceed the maximum weight limitations of the vehicle's factory recommendations. Exposed Racks are sold with a LIMITED WARRANTY. See website for details. smsparts.com/warranty.

The applications of Exposed Racks crossbars are virtually unlimited. Given the variety of gear and equipment with which these racks may be used, it is impossible for us to give advice on the suitability of our products to a specific application. You are responsible for determining the suitability of our products to your particular application, and that you are installing and using our products in compliance with all local, state, and federal laws and regulations and applicable health and safety standards. All information is published in good faith and for general information purposes only. SMS does not make any warranties about the completeness, reliability and accuracy of this information. All manufacturer names, symbols, and descriptions, used in our images and text are used solely for identification purposes only. It is neither inferred nor implied that any item sold by SMS is a product authorized by or in any way connected with any vehicle manufacturers displayed on this page.
